SESSION SUMMARY: SITE IS A STRUCTURE
SURROUNDED BY A "FENCE-IN" AREA.

THE "FENCE" ~~WAS~~ A "CATCHING" OR VERY
ROUGH FENCE.

THE FENCE-IN AREA SURROUNDING THE STRUCTURE
APPEARS TO BE EVENLY-SIZED ALL AROUND THE
STRUCTURE, AND, FOR THE MOST PART, OPEN. THERE
ARE SOME "JUNKY-LOOKING" THINGS IN IT.

THE STRUCTURE, ITSELF, IS VERY LONG &
GIVES THE IMPRESSION OF ^{BEING} ALMOST INDUSTRIAL/ALMOST
SCIENTIFIC IN NATURE.

INSIDE THE STRUCTURE THERE IS A LOT
OF ACTIVITY, ALL OF WHICH SEEMS TO BE OF
A TIME-SENSITIVE NATURE. ALL THE ACTIVITY IS
WELL COORDINATED AND SOMEHOW INTER-RELATED,
IN SPITE OF THE FACT THAT IT CONSISTS
MAINLY OF INDIVIDUAL PROJECTS.

THE ENTIRE SITE SEEMS TO BE
LOCATED AT AN UNPOPULATED EDGE OF TOWN.
OUTSIDE THE BLDG, I GOT THE FEELING OF
HESITANCY TO GO INSIDE, BUT ONCE INSIDE, IT
SEEMS VERY NICE & IMPOSITIVE.

SESSION END
1112 HRS.
